

HOLE CUTTER

TCHC-52 Hydraulic Hole Cutter

The Hydraulic Hole Cutter comes with various dies set (16.5, 20.5, 22.5, 25.4, 30.5, 40.5 and 50.5mm). Additional dies can be fabricated according to requirements.

Input pressure : Max. 700bar or 10,000psi
 Output Force : 8 ton
 Maximum Thickness : 2.5mm for Mild Steel Plate
 Hole Size : 16.5, 20.5, 22.5, 25.4, 30.5, 40.5 and 50.5mm.

Weight : 4.0kgs (Hole Cutter with a standard die)

TCHC-115 Hydraulic Hole Cutter

The Hydraulic Hole Cutter comes with ½" to 4" Dies. Additional dies can be fabricated according to requirements.

Input pressure : Max. 700bar or 10,000psi
 Output Force : 12 ton
 Maximum Thickness : 2.5mm for Mild Steel Plate
 Hole Size : 21.8mm, 27.6mm, 34.1mm, 42.7mm, 48.7mm, 60.5mm, 76.1mm, 88.9mm, 102.8mm and 115.5mm

Attachment for different Hole Sizes:

- For dies 21.8mm & 27.6mm, insert the 3/8" Draw provided.
- For dies 34.1, 42.7, 48.7mm, use the 3/4" Draw together with "Space Ring".
- For dies 60.5, 76.1, 88.9, 102.8 and 115.5mm, just use the 3/4" Draw.

Note :

1. The above tools can be paired with CONWAY Hydraulic Hand Pump:
 - TCCP-400HP
