

TKLA-EK12642AP BATTERY-POWERED HYDRAULIC CRIMPING TOOL

Experience unparalleled efficiency and precision with the Klauke Battery-Powered Hydraulic Crimping Tool - the ultimate solution for effortless crimping in demanding applications. C-head design with wide crimping range. Crimping range: 16mm² to 400mm². 120kN crimping force. Easy handling by optimum weight distribution.

Features:

- Open head, rotatable
- Simple and safe: one-button operating concept for controlling all tool functions
- Effortless working due to balanced centre of gravity
- LED for work area illumination
- 2-stage hydraulic system with fast feed and power stroke
- Simple and safe: automatic retraction when operation is complete

Makita Battery

Makita Charger

| Technical Data | |
|--------------------------|--|
| Crimping force | 120kN |
| Crimping range | 16 – 400mm ² Cu |
| Crimping cycle | 8 sec. to 9 sec. (depending on crimping cross-section) |
| Battery voltage | 18 V |
| Battery capacity | 3.0 Ah, Li-Ion |
| Charging time | 36 mins |
| Weight including battery | 6.1kg |
| Ambient temperature | -10°C to +40°C |
