

CHFE NH FUSE LINK

The CHFE NH Fuse Link series is designed for use in 50Hz AC systems with rated voltages up to 500V. These fuse links offer dependable protection for electrical equipment against overloads and short circuits.

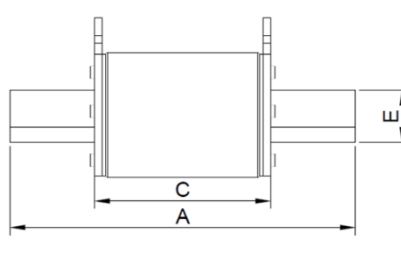

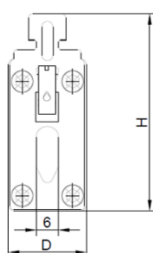

Key Features

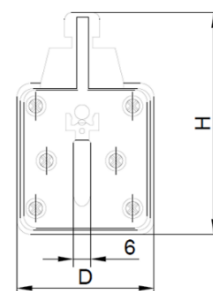

- Rated for up to **500V AC**, 50Hz systems
- Breaking capacity up to **120kA**
- **Compliance with IEC 60269** standards
- **Certified by TNB Malaysia** (*Sijil Guna Pakai*) except model CHFE-NH00-63
- Robust construction for dependable service life
- Double indicators for easy fault detection

NH000 & NH00

NH01, NH02, NH1 & NH2

Size	Item Code	Current Rating (A)	A	C	D (Max.)	E	H (Max.)
NH000	CHFE-NH000-32	32	78	49	22	15	53
	CHFE-NH000-63	63					
NH00	CHFE-NH00-63	63	78	50	30	15	60
	CHFE-NH00-100	100					
NH01	CHFE-NH01-125	125	135	68	30	15	68
	CHFE-NH01-160	160					
NH02	CHFE-NH02-125	125	150	68	49	20	68
	CHFE-NH02-160	160					
	CHFE-NH02-200	200					
	CHFE-NH02-250	250					

Size	Item Code	Current Rating (A)	A	C	D (Max.)	E	H (Max.)
NH1	CHFE-NH1-125	125	135	68	49	20	63
	CHFE-NH1-160	160
